Containerizing Balled & Burlapped Plants

If you would like to receive your plants in containers, we now offer containerizing of some of our plants. Please contact us or our sales representatives if you are interested in having your plants containerized.	10 Gallon Container-	\$ 10.00
	15 Gallon Container-	\$ 11.50
This is the process involved in containerizing: We dig the plant and put treated burlap around the ball, securing the burlap with treated sisal twine. We then place the ball of the plant into a container and fill with Bark, ready for shipment.	20 Gallon Container-	\$ 14.50
	25 Gallon Container-	\$ 18.00

- This plant is known to be deer resistant.
